**ALL-STEEL, HIGH-VISIBILITY,
RACK AISLE PROTECTION**

**HUSKY
RACK & WIRE™**

RACK AISLE SAFETY WITH AISLE SHIELD®

PREVENT MATERIALS FROM FALLING INTO THE AISLES !

Husky Rack & Wire's Aisle Shield is the economical answer to aisle safety and the increasing demands of regulatory agencies for protecting pallet rack aisles. The new Aisle Shield design features heavy duty 8-gauge welded wire, stiffened with innovative longitudinal flutes.

Before

Extension support for guards above Pallet Rack height.

After

AISLE SHIELD INSTALLS QUICKLY, EASILY AND NEEDS NO TENSIONING.

Extension with Support Bracket

Eyebolt - installed

The high-visibility panels attach to pallet rack using specially-designed eyebolts. The eyebolts allow for an offset (away from the back of the rack) of either 4 or 6 inches. Flush mount is also available (with 1" offset) to allow for deck waterfall, and so that the beam can be removed without disturbing the panel.

6" Eyebolt parts assembly

4" Eyebolt parts assembly

Flush Clip
